

Pacific United FC Risk Assessment Policy

Fields, Weather, Equipment

Year 2020-21

- 1- **Risk Assessment Weather:** All Coaches be advised that no practice or games shall be held under snowfall or lightning. Our climate is generally co-operative and it not usually a risk to our membership. Also please follow the City of Surrey's weather and fields report by utilizing the link on the club's official website.
- 2- **Risk Assessment Fields:** All Coaches please be advised to check the city of Surrey's weather and field report by utilizing the link on the club's official website. Also please note that no practice and games to be held in case of frost, snow on the fields or standing water. Also please note that on a game day Referee's decision shall be accepted if he/she deems the field unplayable.
- 3- **Risk Assessment on Equipment:** All coaches please ensure that any damaged or dangerous equipment shall be discarded immediately. Please request the replacement material through the equipment link on the club's official website.

PUFC management team is looking for a complete cooperation from all of its coaches and staff to adhere to the PUFC risk assessment policy for fields, weather and equipment.

Regards,
PUFC Executive
